

Specially formulated to help alleviate mouth sores caused by cancer treatment

What is Healios®?

Healios® is a dietary supplement designed to promote and maintain the health of the epithelial cells and mucosal tissues of the digestive tract, particularly the mouth, throat and esophagus. This is a common need of patients who have difficulty swallowing from chemotherapy and/or radiation treatment.

Directions

- 1. Mix 1 scoop** with 25-100ml of water using the included measuring bottle.
- 2. Swish in the mouth** for 10 seconds and then swallow.
- 3. Take twice per day:** once in the morning and once at bedtime. For best results, take with food or after a meal.

Ordering Healios®

To order Healios®, visit www.enlivity.com

Or, call 1-888-552-9769 Ext. 5, Monday – Friday 8:00am – 5:00pm Pacific Time.
